## WIFE TOO ILL TO WORK

### IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

## SEES TRADE FIGHT AFTER WAR IS OVER

John Barrett.

"American bankers, manufacturers, exporters and shippers will act on false promises if they think the European nations engaged in this conflict will not be able to give them the keenest kind of competition immediately after the war is ended," says John Barrett, director-general of the Pan-American Union, who has just returned from a tour of the allied nations where he went to ascertain the war's effect upon the commercial development of the various American republics.

ALBANY, N. Y., Oct. 26.—No other progressive party save the Prohibitionists exists today, the merit of its chief influence is improved and the only barrier between victory is failure of good people to galvanize their votes. J. Frank Hanly, the dry presidential candidate today told New York crowds as he closed his campaign in the state.

"The Prohibition party stands as the only progressive one in the national campaign," he said. "There was an

## Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is a man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisonous poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.
